

400

PERFORMANCE
ANALYZED CHROMOLY

The 400 delivers a smooth, powerful ride. A criterium geometry frame design built of all True Temper tubing gives you a bike that delivers fun and action on every outing.

SunTour Edge crankset is designed to improve pedaling efficiency and increase your power.

Powerful new Edge Balanced Response System brakes provide precise control and maximum stopping performance.

The Edge 14-speed derailleur with indexed shifting allows you to change gears smoothly and accurately.

Shown in Denim Blue with Yellow trim, also available in Bright Red with Black trim.
